

KUPPY'S

EVENT DRIVEN MONITOR

Vol. 157

www.KEDM.com

December 31, 2023

Dear Reader,

We realize that the size of KEDM may be intimidating—*it shouldn't be*. KEDM is meant for those in a hurry, along with those who want to spend a weekend fishing for ideas. Here are some tips on how to navigate KEDM based on how much time you intend to spend.

Up front, we have “KEDM Kliff Notes” where we flag what we consider to be the most interesting events of the week. Mind you, these are not buy and sell recommendations, but simply notes on the corporate event. This is then followed by “Weekly Changes” where we note all the material changes since the prior week. For many of you, these two sections should give you all the information you need to be informed of what's changing in the world of Event-Driven opportunities. The next few pages are our trading watchlists and notes on beaten down stocks that are on our radar for possible inflections in the coming months.

For those who want to dive in, the supporting data then follows. The index on page 2 links to the corresponding sections, allowing you to rapidly jump around to the sections that you are most interested in. We have color coded the data with green indicating a new ticker was added and yellow for when data changes. This is meant to allow you to rapidly scan the data and focus on only the information that has changed since last time. To make the data more user friendly, we have added links that rapidly take you to the appropriate press release, SEC filing or corporate presentation. Finally, we've flagged certain data orange to show that it's moved materially within the data-set. This is for people looking for leaders and laggards.

We know that some of you want to pull charts or go back to old data, so it's all there for you. It really comes down to what you want to do. KEDM can be a quick weekly reminder of pending events, or it can become a full-time obsession, along with everything in between. We hope you find it as valuable as we do.

Sincerely,

KEDM Team

KEDM Kliff Notes

Too busy to read everything? The KEDM team summarizes the most interesting Event-Driven information of the week/month.

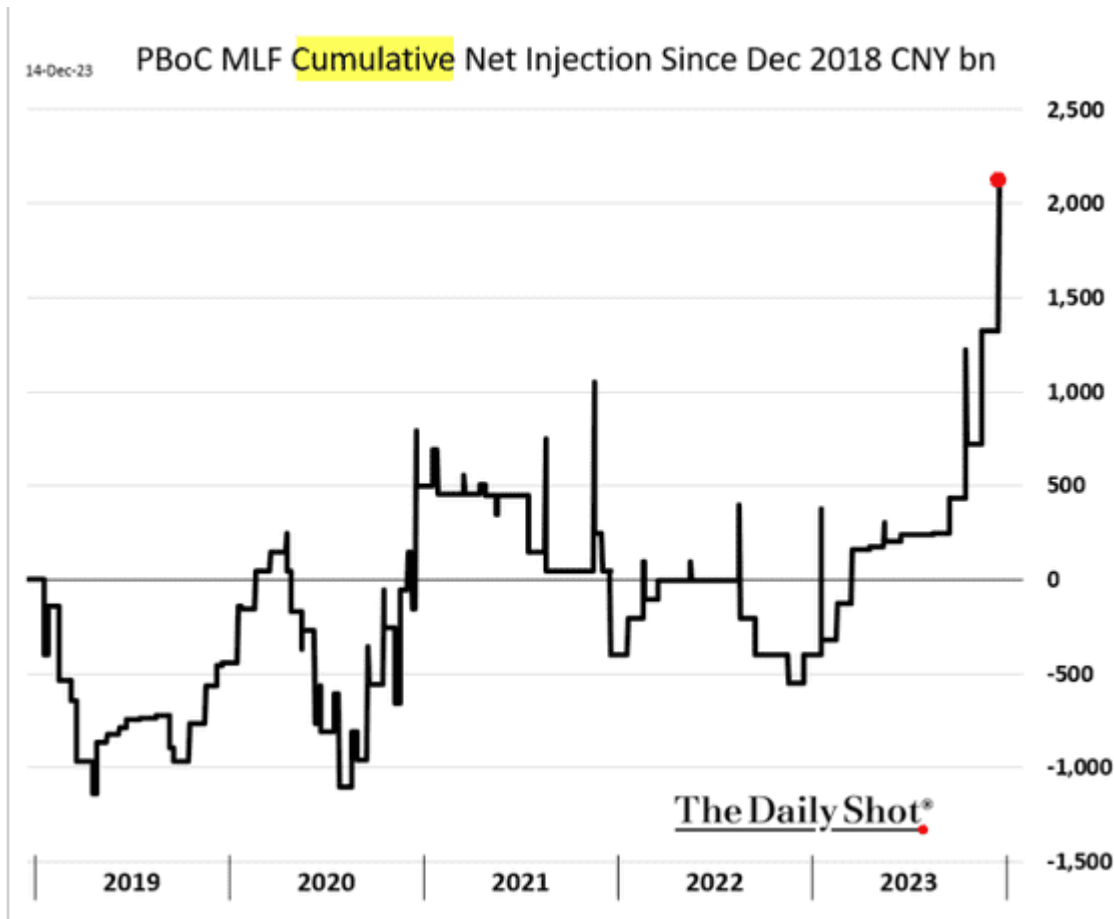

We are going to keep this one short as we are all likely prepping for tonight's festivities. Before we left you, we took a shot at the L/S and pods shops, laughing at their "risk adjusted" underperformance. In a further push to fade the masses, we became intrigued when one of our subscribers sent us over the fund flows for a true left for dead country – "Chyna." Yes, it's the graveyard of all successful stock pickers and a black box of financials. And yes, we've heard this story before. That said, it is truly washed out. FDI has left the building with no sane investor left on the bid...

China Quarterly FDI Flows, Inbound & Outbound

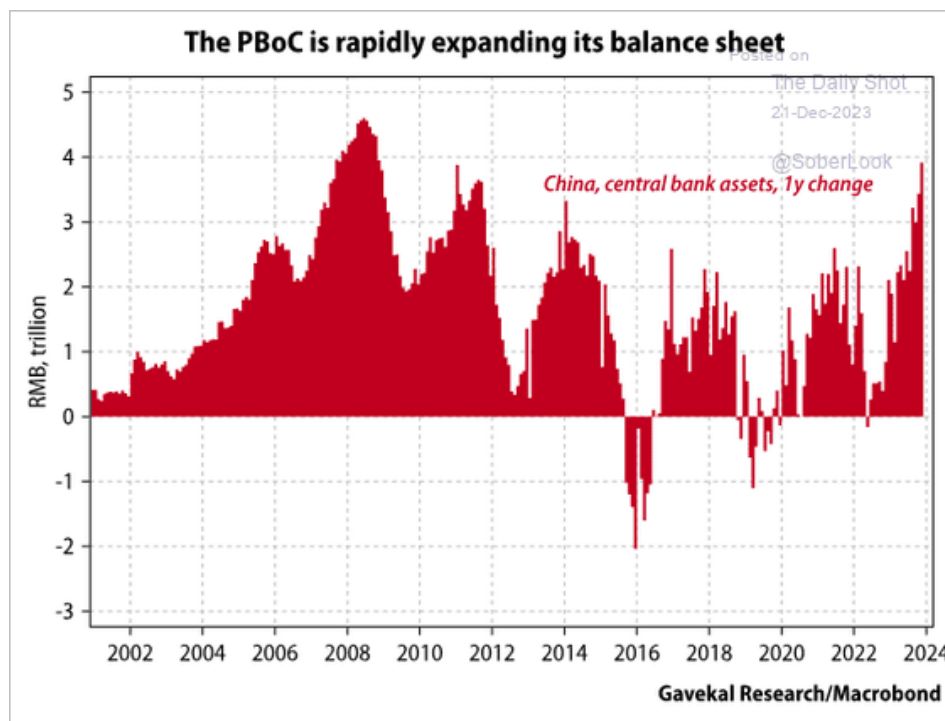

Meanwhile, China has started to unleash new stimmmies to perk up the economy. In Q4, they approved 1T trillion yuan of bond issuance for the year – the first deficit expansion in a year in 23.

The PBOC also injected a net 600 billion yuan of cash via MLF loans (chart below) in November, the biggest monthly increase since 2016.

Our good friend Louis Gave has been all over this lately as PBoC assets explode:

Let's be clear, we are not China bulls per se and likely won't be playing in their ADRs or reverse mergers (anyone old enough to remember how the ole Rodman and Renshaw companies turned out???). As mentioned China is a graveyard riddled with "value" investor corpses. That said, we firmly believe in the adage – get long what China needs or is focused on, especially with stimmys are inflecting. So unsurprisingly, that lends itself, once again, to commodities and "old economy" companies (shocker, I know).

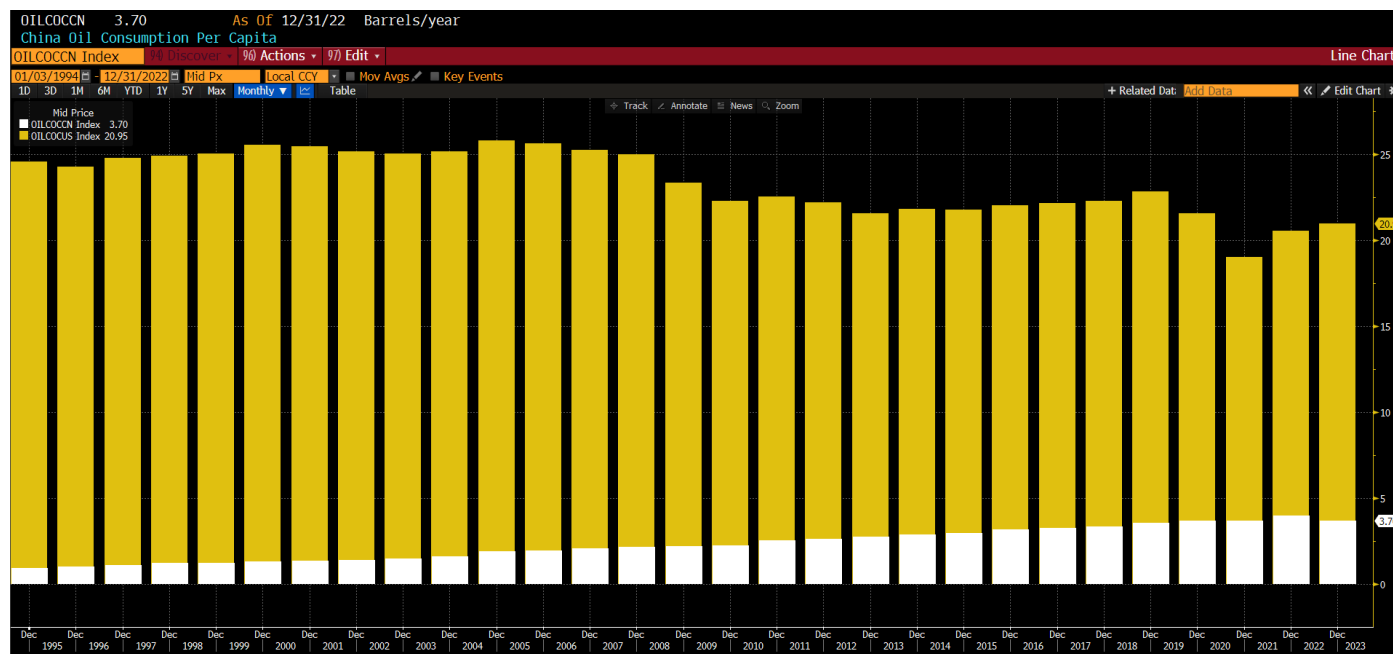

And in a testament to this all, we are seeing Iron Ore tick new highs..

And gold ping news highs as China gobbles it up and it works off that wick

And when it comes to oil, we are guessing that the Chinese middle class isn't content with sub 4 barrels of oil consumption per capita (in white), vs the US consumer at 21 (in yellow). Just a hunch but that white bar is set to move up, EVs be damned...

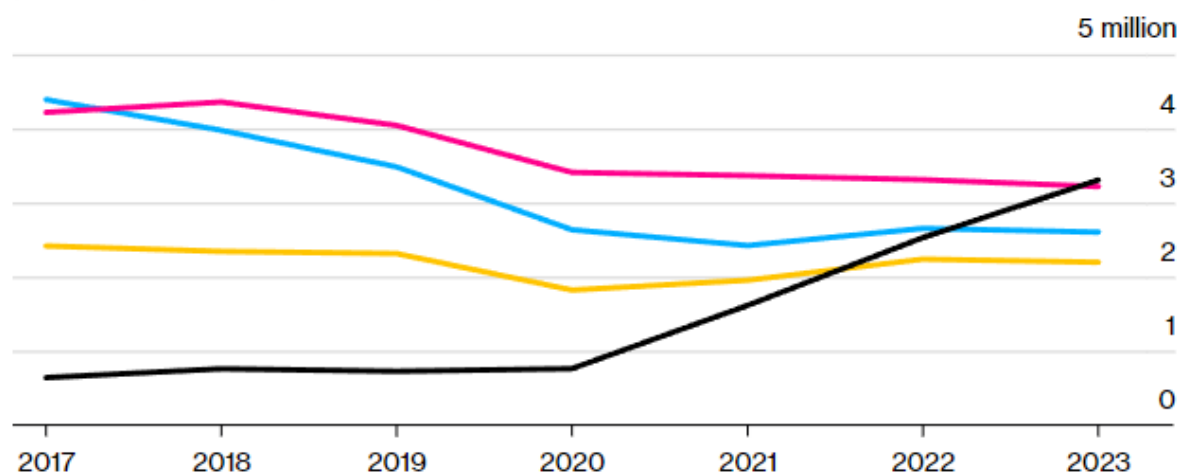

Meanwhile our newest KEDM theme, that of RoRos, is a direct beneficiary of the China low rate/stimmie ramp, with the crux of the thesis summed in one chart:

China's Car Exports Catch Up With Japan's

The two nations are neck and neck this year

China Japan Germany South Korea

Source: China Association of Automobile Manufacturers, Japan Automobile Manufacturers Association, Association of the German Automotive Industry, Korea Automobile Manufacturers Association,
Note: Data for 2023 are through October.

<https://www.bloomberg.com/news/features/2023-12-27/elon-musk-s-tesla-is-losing-ev-race-to-china-s-byd>

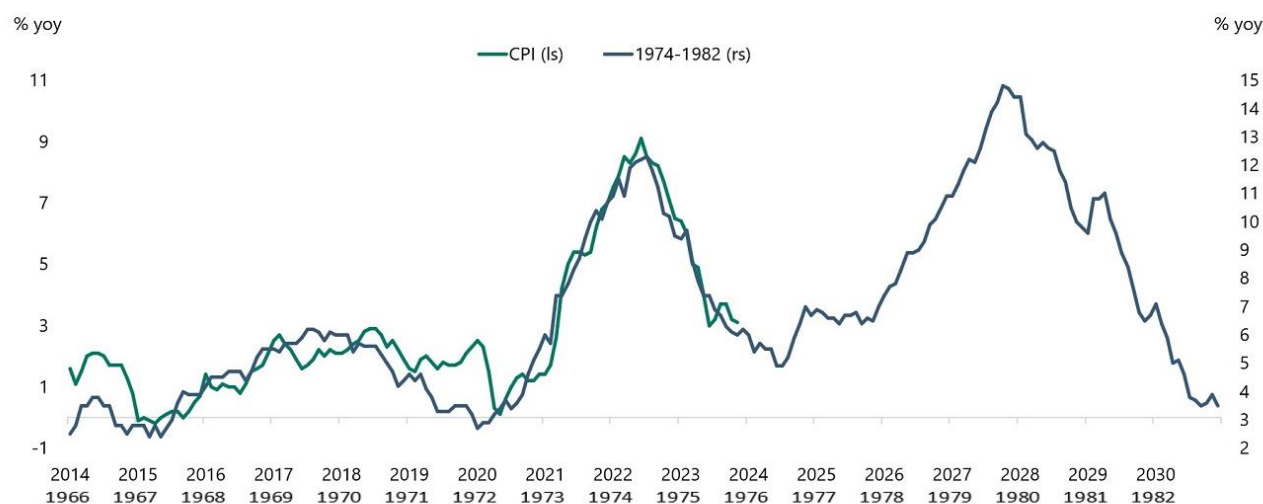

From gold to oil to RoRos, get long what Chyna needs or is ramping up. And with commodities still remarkably beaten up vs Spoo (chart below) it's still one of our main focuses. Food for thought as you bring in the Year of the Dragon tonight...

30 year chart - BCOM to SPX

Finally before we leave you, since all things seem to point to higher commodities, its once again worth revisiting inflation. While we are not one's for analog charts (even if it worked for PTJ in '87), its seems to be tracking well still. Should be fun in 2025 & 2026 as the newly elect president will likely pour fuel on the proverbial fiscal fire...position accordingly and hold on...

Will the 2023 Fed pivot trigger another run-up in inflation?

[@Torsten Slok](#)

Ok, enough China, let's ring in the new year with some Events...

Spin Notes:

- FLEX [announced the record date \(12/29\) and distribution date \(1/2\)](#) for the distribution of the rest of its interest in Nextracker, NXT
- Sodexo, SW, [announced it will hold](#) a shareholder vote on 1/30 for its Pluxee spin and plans to complete the spin on 2/1. SW also released the [financials of stand-alone Pluxee](#). SW will hold a Capital Markets Day on 1/10 to discuss its strategic plan and FY24 + mid-term objectives.
- The ODP Corporation, ODP, (i.e. Office Depot) received (and was [apparently receptive](#) of) [a letter from AREX Capital Management](#), urging the board to spin off Office Depot retail to keep a stand-alone RemainCo of ODP Business Solutions and Veyer, its distribution segment, and to sell Varis, its online procurement venture. **AREX estimates the retail SpinCo should trade at 3.0x EBITDA and RemainCo should trade at ~6.5-7.0x EBITDA, with Varis fetching \$150m in a sale. In all, AREX believes ODP shares would trade at \$75-\$81/shr as a result of its spin-and-sale plan vs ~\$53/shr before the letter and ~\$56/shr at Friday's close.**
- Lionsgate, LGF, [announced it will be spinning](#) its studio business via the Screaming Eagle SPAC, SCRM ([SPAC presentation](#)). LFG will hold onto 87.3% of Lionsgate Studios and get \$350m in gross proceeds. Lionsgate Studios is valued at ~10.7x FY25E EV/EBITDA.
 - **The SCRM/Lionsgate Studio transaction has a condition that all warrants must be eliminated before deal close. SCRM proposed to repurchase all warrants for \$0.50/wnt, with 44.19% of warrant holders voting to accept the proposal (they need over 50% of warrant holders to accept the proposal). SCRMW warrants closed Friday at \$0.45.**
- **Upcoming dates: FLEX/NXT dist date on 1/2; SW FP Capital Markets Day on 1/10;**
- **Spin watchlist: AOUT; WBD; VMEO; FIP; MBC; CR/CXT; 1691 HK; TECK; BWA/PHIN**

Cluster Buying Notes:

- A [director bought ~\\$361K worth](#) on 12/14/23 at the plastic and latex manufacturer, Trinseo (TSE). Executives bought in September of 2023 ([The CEO bought ~\\$65K worth](#). An [SVP](#) bought ~\$24K worth. The [CCO](#) bought ~\$161K worth). The company is undergoing a restructuring, which according to the [2Q 2023 investor presentation](#) is expected to result in a sequential profitability improvement of more than \$100 million in 2024. The company is pursuing a sale of its Styrenics business. TSE recently refinanced its \$660 million 2024 term loan and \$385 million of its existing \$500 million 2025 senior notes.
- [Insiders bought at the REIT, American Hotel Income Properties](#) (HOT-U CN). The company owns 70 hotels across 22 states in the US, which include Embassy Suites, Courtyards by Marriott, Holiday Inns, etcetera. Aimbridge Hospitality is the independent hotel manager and manages all 70 hotels. On 11/7/23 the [company announced that it was taking strategic initiatives to improve liquidity, address near-term debt maturities, and provide the Company with financial stability](#). These initiatives/actions include an amendment and extension of the revolving credit facility and certain term loans, a reduction and deferral of hotel management fees, and a temporary suspension of the distribution. The stock fell ~47% after the company cut the dividend. In 2022, the REIT generated approximately \$47 million in gross proceeds from the sale of properties.
- Insiders [bought at Freehold Royalties Ltd. \(FRU CN\)](#). The company acquires and manages royalty interests in crude oil, natural gas, natural gas liquids, and potash properties in Canada and the US. Per

the [2022 annual report](#): “During 2022 and 2021, Freehold invested \$177.9 million and \$368.0 million in U.S. acquisitions.” ~7.7% dividend yield.

- Removing some of the toxic RILY names on the watchlist – BW, CAMP
- **Cluster Watchlist: SIX; WEF CN; HLF; LAZY; GLT; OXY; LXU**

Buyback Notes:

- Since we are speaking of China, worth noting, Tencent, TCEHY, bought back 3.5m shares for ~1B HKD 3,500,000
- [TDW finished up their \\$35m buyback](#) taking in 590k shares
- Old BBYQ, Beyond, (now [BYON](#)) [extended their buyback by 2 years and \\$50m \(to \\$150m\)](#) or ~12% of current mkt cap
- Steel has been hot lately and pinging KEDM. [Last week FRD announced a 15% buyback program](#)
- **Winners keep winning as [AZO kicks off yet another \\$2b program](#). Since 1998, they’ve repurchased 38 BILLION...**
- A little spring cleaning as we head into the new year:
 - Removing WIX from the watchlist as it has finally rallied off the lows
 - Removing DBX after this rip although they still have over \$1B remaining on the buyback.
 - Removing OCN flat as they have been quiet on the buyback front
 - **Worth noting another watch company, MDI CN, continued to take in shares (875k in the recent Q). They are now debt free with strong EBITDA generation so could be more to come. With gold making highs, juniors will likely start prepping some capital raises/capX programs...**
- **Watchlist: GROW; OXY; MDI CN; AMRK; LXU**

Investor Day Notes:

- Investor Days Trailing 7 Days: None
- Investor Days Next 7 Days: None

Short Squeeze Notes:

- **Short Squeeze Watchlist: N/A**

CEO Turnover Notes:

- DXC sacks its CEO the week before Christmas as this shrinking IT business struggles to find its footing
- CVGI’s new CEO takes the helm. If we’re being honest, his CV raises some eyebrows, current board member at LESL and SPR, but it does seem like a lot of his work has already been done here. Given its healthy dose of leverage and improved margins, this name could move if the declining revenue comps were to reverse.
- **CEO Watchlist: ZVIA; LAZY; GRPN; HLLY; PMTS; ALTO**

Bankruptcy Notes:

- Rough week for deSPACs. We’ve spent a lot of time digging through the deSPACs expecting to find gems but all we find is garbage:
- Parts ID, IDICQ, a publicly traded operator of e-commerce websites focused on auto parts, filed

- Shocker, I know, but electric scooter company Bird Scooter (BRDSQ) filed for Chapter 11 last week. The Company was once valued at \$2.5B before the pandemic and plans to sell all of its assets during bankruptcy. The Company was found to have overstated its financials for 2020 and 2021 during an audit conducted in 2022.

Bankruptcy Exit Notes:

- And speaking of deSPACs, Bitcoin miner Core Scientific (CORZQ) filed an amended plan of reorg and an extension of its right offering along with a timeline for its emergence from bankruptcy. [Will emerge and list in mid-Jan](#)

SPAC Notes:

- SPAC Mergers Announced this week: BACA/Custom Health; SCRM/Lionsgate Studios; OCAX/Powermeters Smart Industries; BRKH/Blaize; PWUP/Visiox Pharma; AIB/PSI Group
- deSPAC'd this week: VSTE/Vast Solar f/k/a NETC; MSAI/Infrared Cameras f/k/a SMAP; LDTC/LeddarTech Holdings f/k/a PRSR; HGAS/Global Gas f/k/a DUNE; MOBX/Mobix Labs f/k/a CLAY; AISP/Airship AI Holdings f/k/a BYTS; NUKK/Nukkleus f/k/a BRLI; ALCE/Alternus Clean Energy f/k/a CLIN; FLYX/flyExclusive f/k/a EGGF; ZCAR/Zoomcar f/k/a IOAC
- Votes next week: DECA/Longevity Biomedical on 1/4; PTHR/Horizon Aircraft on 1/4
- **SPAC/deSPAC Watchlist: MKTW, GATE**

Newsletter Short Notes:

- Nice ending to the year for Hindenburg as MSS lost over 80% after their [short call via twitter thread](#).
- **Newsletter Short: JOE**

13D and Activist Notes:

- **One of the more amusing picocaps, Parks! America, PRKA, which operates 3 drive through animal safari parks, saw their long-time former CEO dump his shares (he is old) to [Focused Compounding who immediately flipped into a 13D to kick out the entire board](#). Funny enough we have been to 2 of the safaris on a DD trip. The Atlanta Park is a surprisingly good/high ROIC business. Will be a fun one to watch...**
- **PENN-** Hedge fund HG Vora (18.5% owner including swaps and options) believes the casino operator's shares are undervalued and wants a seat at the board, as [reported by WSJ](#). While boilerplate 13D reveals nothing about their strategy going forward, Vora is not new to casino/gaming activism. Remember, they were involved in selling UK based Gamesys to Bally's and Canadian Stars Group to FanDuel. Most recently, HG Vora took a 5.5% stake at 888, the online casino company.
- **PBPB-** Potbelly's largest shareholder Nierenberg [updated their 13D](#) (yeap, perfectly timed for a year end pop). TLDR, the activist wants the company to pay down debt with cash at hand, opportunistically repurchase shares, and reduce corp. costs.
- **Upcoming AGMs/EGMs:**
- **13D Watchlist: SIX; PBI; NNDM; ONTF; BAYN GR; MX; SPWH; VAL; OSTK; VSTO**

Merger Notes:

- Japan's Nippon Steel [offered to acquire U.S. Steel](#) for \$55 per share. Needless to say the deal will be heavily scrutinized. A bold move from a Japanese counterpart in the 'America First' era. Spread sits over 12%.
- SLGC / LAB deal is facing lots of opposition from its [major shareholders](#) and [a founder](#), with the [dissenters filing suit in Delaware and complaining of conflicts](#), lack of DD, and no business rationale for the tie up. ISS recommended to vote for the deal. EGM is next week on Jan 4.
- Australia based mining and drilling company Boart Longyear (BLY AU) [agreed to be acquired](#) by a PE firm for ~\$370m valuation.
- **Upcoming dates:**

Date	Target	Details
1/4/2024	SLGC	Extraordinary General Meeting
1/8/2024	NWLI	Extraordinary General Meeting
1/13/2024	ACI	Merger outside date
2/5/2024	AMED	Merger outside date
2/29/2024	LBC	Merger outside date
3/14/2024	NEX	Merger outside date
3/31/2024	MIXT	Merger outside date

Busted Merger Notes:

- Regulators continue their relentless pursuit to bust deals which should keep spreads high. While we were gone, Adobe broke it off with privately held Figma as they couldn't see a path towards regulatory approvals.
- **Busted Watchlist: WG/ LN; TGNA; CF CN**

Stock Split Notes:

- [Steel Partners \(SPLP\)/Warren Lichenstein is looking to squeeze out minority/odd lot shareholders](#) with a 1:12500 reverse split, than 1 minute later conducting a 12,500:1 split. Any holders under 12,500 units will be paid in cash. Effective date on Jan 8 at 5pm

Listing Change Notes:

- DEC, which buys old/depleted wells then milks them for all they're worth, popped over to NYSE (from LN) on [December 18](#). And as a nice welcome gift, the same day, [US House Democrats smacked them with a request for more information](#) surrounding the damning 2021 piece from Bloomberg. Well worth the read - <https://www.bloomberg.com/features/diversified-energy-natural-gas-wells-methane-leaks-2021/?terminal=true>

Strategic Alternatives Notes:

- **MANU-** The back-and-forth for Manchester United seems to be over as [Jim Ratcliffe acquired 25%](#) of the team following the Qatari Sheikh's withdrawal in October.
- **Strategic alts watchlist: NLS; RMBL; LMPX; FARM; BRY; SRG; CCO; BNED**

Privatization Notes:

- KEDM's favorite politician, Milei is introducing sweeping cuts and reforms. [On the chopping block is "tens" of state companies](#) he is looking to privatize. **Hopefully a few of them come public. We will keep an eye on them.**
- **Privatization Watchlist: SALIK UH; DTC UH**

Demutualization Notes:

- [NB Bancorp finally finished up their offering/conversion](#). Trading started on Dec 27 under NBBK

CVR Notes:

- Number of CVRs announced this week:
 - AZN [announced](#) its second on-going deal with GRCL, for \$10.0 per share in cash and \$1.5 per CVR. The deal is expected to be completed by Q1 2024.
 - BCEL is [effectively disposing](#) all of its assets for ~\$0.06 per share in cash, plus one CVR with a value of ~\$0.17 each. The shares are trading at ~\$0.12.
 - After unsolicited proposal, this week THRX agreed to [be acquired by Tang Capital](#) for ~\$4.0 in cash plus one CVR. The deal is expected to close by Feb 2024.
- **CVR Watchlist:**

Venezuela	-	11/5/2023	-	Bull	Free elections; shifting to open and capitalistic economy; repatriation		-
Elder Care	ALF REITs, Operators	10/27/2023			Demand at an inflection; outpacing supply	BKD; SNDA; OHI; VTR; WELL	-
Argentina		6/4/2023	Bull	Bull	Politics shifting from left to right. Capitalist policies getting put into place. Elections summer 2023. UPDATE: Milei came in light. May still win the election but may turn into lame duck	BMA; CEPU; CRESY; GGAL; IRS; LOMA; PAM; YPF	8/20/2023
Uranium		2022	Bull	Bull	Supply deficit UPDATE 8/20: More supply issues; Niger supply at risk; Rosatom rumored to be tendering for physical	U/U CN	8/20/2023
Offshore	Rigs; OSVs; Seismic; Underwater Services	11/18/2022	Bull	Bull	We have been banging the table on oil and feel that offshore is a way to play the trend without much of the exploration or political risk. Chronic underinvestment has created a shortage of offshore rigs at a time of a shortage in energy – and we tend to like these setups. Update 5/6: Earning across sector still strong; projecting 500k/ dayrates and min/ capx spend	VAL, TDW, DO, RIG, NE, SUBSEA7, SDRL NO, DDRIL NO	11/19/2022; 8/6/2023
Turkey		3/10/2023	Bear	Bull	Removal of liquidity and stimulus post election, coupled with power transition uncertainty remain as major downside risk in short term. Flows from western institutions post election strong tailwind.	TUR	7/19/2023
Alloy/Plane components		6/24/2023	Bull	Bull	Demand booming for components due to bounce back in plane orders and airtravel; supply curtailed due to labor and supply chain issues	USAP; HAYN; ATI; CRS	-
KSA		4/2/2023	Bull	Bull	Oil above breakevens and flush with cash; Kingdom focused on attracting FDI; IPO listings are increasing	KSA; TADAWULG	-
REITS	NYC Commercial; skyscrapers	2022	Bear	Bull		ESRT; PGRE; VNO; DEI	-
XMR/Monero		1/6/2023	Bull	Bull	XMR is designed to be what BTC was supposed to be: a private, global way to transact efficiently. As governments increase focus on tracing and blocking personal transactions, there is a trend towards more privacy when sending and receiving money. While XMR is not perfect, a bet on XMR is a bet that it is one of the best ways to play the trend towards privacy.	XMR	-
Fertilizer		11/12/2022	Neutral	Neutral	After nearly a decade of fertilizer prices in the doldrums, prices for potash, phosphates, and nitrogen hit near all time highs in March and April driven by increased energy costs, geopolitical conflicts, and supply chain and logistical challenges. Prices have fallen in recent months as the supply picture begins to look less dire and demand destruction sets in. With several projects to increase capacity in both potash and phosphates, and falling natural gas prices and the reopening of nitrogen fertilizer production facilities in Europe, fertilizer prices may continue to fall from what are currently extremely elevated levels.	MOS; IPI; NTR; SDF GY; CF; UAN	-

CRGY	Crescent Energy Co	2,393	Oil Comp-Explor&Prodtn	Insiders bought again at Crescent Energy Company (CRGY). Insiders bought in the second half of 2022 and have been buying throughout 2023. Contango Oil & Gas and Independence Energy combined to form Crescent Energy (CRGY) in December of 2021. Dr. Burry's firm (Scion) held 200K shares at 9/30/23 according to Scion's 13-F. EV/EBITDA = ~2.9.		5	72,939	18	11.26	821,125	NO	274%	9
TSE	Trinseo PLC	296	Chemicals-Diversified	No executives bought within the last 30 days, but a director bought ~\$361K worth on 12/14/23 at the plastic and latex manufacturer, Trinseo (TSE). Executives bought in September of 2023 (The CEO bought ~\$65K worth. An SVP bought ~\$24K worth. The CCO bought ~\$161K worth). The company is undergoing a restructuring, which according to the 2Q 2023 investor presentation is expected to result in a sequential profitability improvement of more than \$100 million in 2024. The company is pursuing a sale of its Styrenics business. Per the 10-Q: "The Company is restarting the sales process due to interest from third parties for all or part of the business. The scope of the potential divestiture is expected to include the Feedstocks and Polystyrene reporting segments as well as our 50% ownership of Americas Styrenics". In 2022, TSE's 50% equity interest in Americas Styrenics contributed \$123 million in EBITDA (\$102.2 million in earnings). The Americas Styrenics business is a joint venture with Chevron Phillips. On the earnings call, an analyst asked for an update on the sale of the Styrenics business, and the CEO stated "no real update. We continue to field questions from parties that are interested, but nothing is imminent." TSE recently refinanced its \$660 million 2024 term loan and \$385 million of its existing \$500 million 2025 senior notes.		6	98,500	14	7.75	763,480	NO	25%	3

HOT-U CN	American Hotel Income Properti	66	REITS-Hotels	Insiders bought at the REIT, American Hotel Income Properties (HOT-U CN). The company owns 70 hotels across 22 states in the US, which include Embassy Suites, Courtyards by Marriott, Holiday Inns, etcetera. Aimbridge Hospitality is the independent hotel manager and manages all 70 hotels. On 11/7/23 the company announced that it was taking strategic initiatives to improve liquidity, address near-term debt maturities, and provide the Company with financial stability. These initiatives/actions include an amendment and extension of the revolving credit facility and certain term loans, a reduction and deferral of hotel management fees, and a temporary suspension of the distribution. The stock fell ~47% after the company cut the dividend. In 2022, the REIT generated approximately \$47 million in gross proceeds from the sale of properties.	Yes	6	205,500	6	0.68	139,480	NO	-	0
